Title **ROMMEDICA 2012 - XXII edition**

Category Professional

Description The international fair for medicine and pharmacy ROMMEDICA in 24 - 27 April 2012 was held at ROMEXPO in Bucharest. ROMMEDICA is organized by the Centre on partnership with Chambers of Commerce and Industry of Romania and supported by the College of Physicians of Romania. This event is an essential source of information for both health system representatives from the public, and in private, meeting specialized professionals with a rich supply of technology and equipment designed to facilitate and improve medical care. Throughout the exhibition, the visitors will be able to participate in the presentations at the stands of participating companies and related events prepared by the organizers and partners: conferences, seminars, roundtables and workshops designed to facilitate direct access to information and networking with representatives of companies producing and importing specialized equipment. By opening dialogue between different medical disciplines present at the fair, the event aims to provide better information on the latest interventions and devices designed to easily manage public health problems.

Keywords We provided live presentations in conference and workshops to facilitate direct access to information and networking with representatives of companies producing and importing specialized equipment. "Scholarship medical services" was dedicated hospitals, health centers and private clinics in Romania, in a specially designed space that will present the services offered to visitors.
